After adding the firmware file to the card.starts downloading firmware from your drive.Q: What is the best way to force JPA to reload entities after flush? What is the best way to force JPA to reload entity after flush? A: You can try to use @PersistenceContext, but I would recommend you to use JMX. JMX is standard in Tomcat and it's a great way to monitor entity managers and even to trigger JPA changes. In order to connect to an existing JMX monitor, you need to provide an object with a unique MBean Interface. See the MBean tutorial for more information. ." "Would you be interested in some extra money?" The man's eyes widened. "Yes," he replied, "I could use the money." "If you do the chores I tell you to do, I'll pay you $20 a week." "Where do we get the dirt?" "Get the dirt from between the couch and the wall." "Do you have a rope?" "Yes." "Good." The man went out to the barn and got the rope. He came back and began chaining the mattresses together. "Do you have a hammer?" "Yes." "Good." "Can I take them to the dump tonight?" "You can. Now, this job may take you a week to finish. You'll have to stay late every night, but it will be worth it." "Why?"
